Great for people...who want to become voiceover artists, presenters or broadcasters.

Purpose:

This course is designed to give you an overall understanding of how to be a voiceover artist or broadcaster. During the course you will learn how to use your voice skilfully to deliver a variety of retail and corporate "reads" for radio and TV (including assorted straight and character voices), to develop the ability to "sight-read", turning written words into "spoken" English and to conduct yourself confidently and professionally in a recording session. The final session will focus on developing a draft demo CD and a list of contacts in preparation for your launch into the recording world.
